

About the Project

On June 29, 2011, the U.S. Department of Energy (DOE) awarded a new "WVDP Phase 1 Decommissioning – Facilities Disposition" Contract to CH2M HILL BWXT West Valley, LLC (CHBWV). CHBWV is a limited liability company comprised of CH2M HILL Constructors, Inc., BWX Technologies, Inc. (BWXT) and Environmental Chemical Corporation (EEC). CHBWV will provide project management and support services; site operations, maintenance and utilities; high level waste canister relocation; facility disposition; waste tank farm management; NRC-licensed disposal area management; waste management and nuclear materials disposition; and safeguards and security under a cost-plus-award fee contract. The estimated value of the Contract is approximately \$540 million with a period of performance through March 17, 2020. CHBWV anticipates awarding approximately \$224 million in subcontracts during the Contract period.

Small Business Commitment

CHBWV is committed to offering a fair and equitable opportunity for small, small disadvantaged, women-owned small, veteran-owned small, service-disabled veteran-owned small, and HUBZone small businesses to compete for products and services. In addition, CHBWV intends to encourage and strengthen local company participation by awarding purchase orders and subcontracts to upstate New York Businesses. CHBWV supports the small business objectives of the Department of Energy and the New York State Energy Research and Development Agency (NYSERDA) and recognizes that diversity in subcontracting provides a vital link to the local community, strengthens the economy, and represents best business practices.

CHBWV Subcontracting Goals	
Small Business	55.0%
Small Disadvantaged Business	6.0%
Women-Owned Small Business	5.0%
Service-Disabled Veteran Owned Small Business	5.0%
HUBZone Small Business	4.0%

Subcontract Opportunities

The following is a partial list of supplies and services that may be required by CHBWV:

- Transportation
- Infrastructure Communications/IT
- Design and Fabrication
- Safety Supplies
- Waste Characterization
- Waste Haulers
- Temporary Technical Support
- Inspection Services
- Specialty Equipment Maintenance
- Equipment Rental
- Supplies and Consumables (e.g., Waste Containers and Tools)
- Laboratory Analysis
- Procurement of Personal Protective Equipment (PPE) for Site Operations

CHBWV Procurement Process

The CHBWV Procurement Department will review and maintain your information for possible future procurement opportunities. If an opportunity is available, your company will receive a verbal or written solicitation for the needed product or service. Most CHBWV Purchase Orders are awarded on a competitive basis to the lowest-priced responsible bidder.

In addition, CHBWV may utilize a procurement credit card for small purchases less than \$3,000. For more information regarding the CHBWV procurement credit card program, please contact Mr. Joseph Kwiatkowski, (716) 942.4966.

If your company is successful in obtaining a purchase order, CHBWV requires full compliance to the purchase order requirements and associated terms and conditions. Subcontractors performing work at the West Valley Demonstration project (WVDP) site must adhere to the highest safety and quality of work standards. Suppliers providing materials are continually rated on their on-time delivery performance.

Safety is our most important value. CHBWV and its subcontracts must conduct business with the utmost attention to worker safety, respect for people and the environment, quality of work and compliance with federal, state, and local laws. Our suppliers play a strategic role in the success of the WVDP and we look forward to a strong, cohesive business relationship.

Sincerely,
CH2M HILL BWXT West Valley, LLC.

Jeff Bradford
President and General Manager

Interested?

Suppliers interested in doing business with CHBWV must complete a Supplier Data Sheet and Business Size Certification Form (WV-0150). The form, along with any relevant information regarding your Company's capabilities, should be forwarded to our Small Business Utilization Officer:
