

Main Process Plant Building Controlled Deconstruction Update

Week of October 10, 2022

Upper Warm Aisle

The Department of Energy's (DOE) West Valley Demonstration Project (WVDP) in New York continues with the controlled deconstruction of the Main Plant Process Building (MPPB). Work was safely completed on the Solvent Storage Terrace. Workers have moved to the next area to be dismantled, which is the Upper Warm Aisle.

Main Plant deconstruction moves onto the Upper Warm Aisle
